What is 'Sustainable'?

Meeting the needs of the present generation without compromising the ability of future generations to meet their needs."

Brundtland -1987

'SOLUTION'

• More treatments outside of acute hospitals

• Increased use of telemedicine and robotics

• Increased use of mobile facilities

• Change clinical responsibilities

STANDING OUT FROM THE CROWD

Zero carbon
plant room

- ▶ Rainwater is collected and stored to flush the toilets.

▶ A new idea for secure changing space.

This concept, in development, will be made of recycled material, fully mobile and DDA compliant.

Forbo flooring

► Copper handrails.

► Blue splash back with copper taps
